## Lemon Grove Review

### The MASON LINE

by Chan Mason

WE ATTENDED THE TWENTY-FIFTH reunion of our High School graduating class this week. In a rehash of some of our more glorious achievements during our four year sojourn, we recalled having removed the school pest's trousers and flown them from atop the flagpole. We annually fought a terrific lemon war the night before Senior Ditch Day and while they never came off, we plotted a mass attack on Grossmont and Coronado, our bitterest enemies.

We plan to meet annually from now on in order to plan for more effective methods of curbing modern day juvenile delinquency.

—ML—  
**FIRE CHIEF PAPPY HENSLEY** is proudly showing a letter received from State Fire Marshall Headquarters complimenting the L. G. Dept. and our elementary schools for the efficiency and cooperation displayed last week when Fire drills were held at each of our schools.

—ML—  
**A NOD TO THE LADIES' FIRE** Auxiliary for their gift of a 50 cup coffee maker to the Dept. They earned it as a premium for selling beaucoup bottles of shampoo.

—ML—  
**RESIDENTS AND BUSINESS** houses along Imperial in the American Homes area, determined to get sewers without a sewer. Meetings of interested parties and preliminary details were worked out over a year ago, but the group was persuaded to delay action pending outcome of the larger S. V. Sanitation District election.

—ML—  
**MAIN STREET MERCHANTS** would like to remind people that those are trash cans NOT garbage cans along the railroad. When garbage is thrown in them, dogs tip them over and scatter the stuff all over the place.

—ML—  
**SHORT SHAVINGS: HOW DO** you like the new yaller fire plugs? Isn't it a bit late to be asking questions about the new Hospital? The time for that was before the election for the formation of a district. We've been axed the full legal limit for a couple of years with no Hospital. So 'twould appear smarter to vote the bonds and get a Hospital—might even be cheaper.

—ML—  
**WE DON'T KNOW WHAT IT** means, but 'tis rumored that "Reconstruction of Sweetwater Road will start within a few days."

We might add that reconstruction of Sweetwater Road will start within a few days.

This pert trio of Miss Do-It-Yourselfers will reign as queens of the Do-It-Yourself Show, opening Saturday in the Electric Building, Balboa Park.

Wednesday has been set as Lemon Grove Do-It-Yourself Day and all local residents are invited to attend.

The above dyed in the wool do-it-yourselfers who will demonstrate their skills at the show are high school seniors, Pat Manley of La Jolla; Suzanne Klebba of Hoover; Jean Morris of San Diego High.

### Woman's Juniors Dance To Feature Hallowe'en Fun

A real spooky feeling will prevail at the Lemon Grove Woman's Clubhouse, Saturday night, October 24th, when the Lemon Grove Juniors and their guests gather for their annual Hallowe'en dance.

Decorations committee members, Mmes. Edward Miller, Leroy Scagliotti and Al Barstow promise bats and spider webs will hang from mid-air while a harvest moon shines down on the eerie scene.

Prizes will be awarded for the best costumes. Guests will vie for honors in snagging bobbing apples along with other appropriate games.

Mrs. Ralph Kraft, Mrs. Russell Foster and Mrs. Olin O. Martin are serving on the refreshment committee and Mrs. Edward Kranch and Mrs. C. H. Jennings are in charge of reservations.

### Michael's Expansion To Get Preview

A preview of "the finest dining place in Southern California" was set for the first week in December by Henry Goldy, operator of Michael's. The Broadway cafe, just over one year old, has already gone thru an expansion which doubled its floor space and the size of its kitchen.

A hand picked list of townspeople will attend an open house which will see the expansion doubled again.

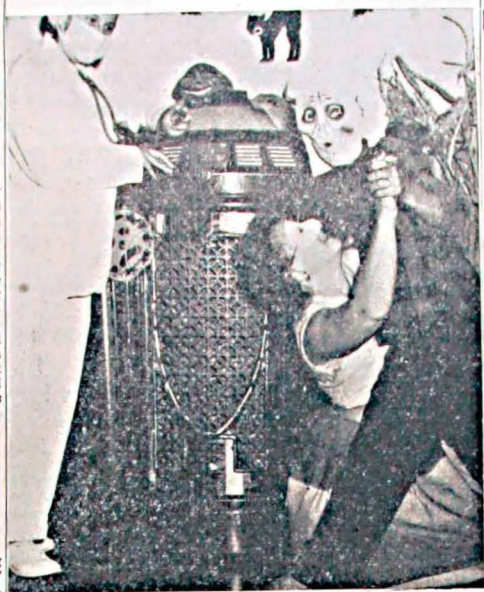

The entire plant, once the new addition is completed, will represent an investment of approximately \$100,000, Goldy reported. Included in the expansion is a large parking area extending from the rear of the cafe to Lester Avenue, one corner of the lot will be occupied by a store house.

The new addition will wrap around the rear of Ed Lewis' paint shop and his wife's flower shop like a mink stole. Included in the improvement will be complete air conditioning, both winter and summer. This installation is being handled by Lemon Grove Sheet Metal Co., Goldy said. He pointed out that all work was being handled on a local basis wherever possible.

Michael's began attracting attention of cafe habitués soon after the expansion.

### 'Spook Box' Jamboree Has Juke Box Motif

It is an appropriately named jamboree that the Woman's Club Juniors plan to fling come Saturday. They're calling it a "Spook Box Jamboree" and all members of the Juniors, their husbands and invited guests will dance to the merry strains of the nation's leading orchestras via the juke box.

There'll be prizes for costumes and proceeds of the \$1.25 per couple admission charge will go into the Junior's Charity Fund.

In case you haven't guessed by now who these attractive members are, we'll identify them. Left to right are Mary Lou Brumbaugh in her husband's surgical gown, Eleanor Shipps, masked as a girl, which she is and a pretty one, too, and Gloria Scagliotti, whose identity defies description.

### Planning Commission To Rule On 'Branch Plan' Friday

Friday will be D-Day for the San Diego County Planning Commission's Branch Administrative Center Plan.

A ruling is expected to be handed down by the planning group which will help to determine whether or not Lemon Grove will share County establishments with ten other communities in the dispersal of county administrative offices.

La Mesa and Solano Beach representatives appeared at the September 25th Planning Department's public hearing to protest the locations of the centers. A large Lemon Grove group appeared as proponents.

Friday's meeting is not a public hearing and as a result should not attract a large turnout.

Bart Dunn, chief of the Planning Division, said that if the plan is approved it will be referred to the Board of Supervisors. While it is possible that the first hearing at the Board of Supervisors could be November 3rd, it is more probable that it will be considered at the November 17th meeting, Dunn indicated.

Meanwhile, Dave Bird, supervisor for this area, pointed out that, even if the plan were approved, it will be several years before the entire program could be put into being. Bird indicated that funds are not immediately available for the entire project. He pointed out that planning is commendable but said that raising funds to do all the things that should be done would take a lot of doing.

Thurlock Hegland, Chief Administrative Officer, said that the funds for the improvements would come from the general county funds and that no immediate financing problem was anticipated because the plan was a long term future development.

Should the plan be approved and put into being a county center would be a reality.

### Sponsoring List Of Hospital "Yes" Vote Noted

Supporting a "yes" vote in the special bond election to make possible building a Grossmont District Hospital has been general. The following organizations have adopted a resolution urging a favorable vote in the election.

Among those who have urged a "yes" vote, together with the names of their presidents are:

- Lions Club of Lemon Grove — Donald G. Johnson.
- Kiwanis Club of La Mesa — W. W. Culver.
- El Cajon Valley Real Estate Board — Paul B. Hunter.
- Green Thumb Garden Club — Mrs. Jas. Higgins.
- San Diego County Medical Society — Ralph M. King, M. D.
- Rotary Club of El Cajon — Dwight C. Ellison.
- El Cajon Valley Chambers of Commerce — Rexford C. Hall.
- La Mesa United Pres.—Church Women's Church Organization—La Mesa — Mrs. F. Higgins.
- El Cajon Woman's Club — Mrs. George Scott.
- Highway 80 Chamber of Commerce — F. W. Powell.
- Spring Valley Chamber of Commerce — S. H. S. Berry.
- Casa De Oro Civic Ass'n. — C. L. Hubbard.
- El Cajon Valley Kiwanis Club — Nat L. Eggert.
- El Cajon Valley Ministerial Ass'n. — Rev. Berry.
- La Mesa Board of Realtors — Arnold Dahl.
- La Mesa Post 8514, Veterans of Foreign Wars of U. S. — Carl D. Brouillette.
- Grossmont-Mt. Helix Improvement Ass'n. — Ed. Fletcher, Jr.
- Voters in La Mesa wishing transportation to the polls on Tuesday, may call Mrs. Herbert Haag, H9-3691 or Mrs. M. B. Batchelder, H6-3623.

### Cafes To Remain Open For Hospital Election

Liquor establishments need not close for the Grossmont Hospital Bond Election, according to C. E. Berry, Liquor Administrator for San Diego and Imperial counties.

Berry said that such establishments were required to close during school elections and city, county, state or federal elections.

### Lions Hallowe'en Tickets Moving Well

"The smorgasbord is getting bigger and better and the tickets are going fast." That is the report handed down to the Lions this week by Hallowe'en Dance Chairman, Robert Von Willer.

The Lions Charity Hallowe'en Ball to be held at El Morrocco, Saturday, October 31, will have a record turnout of Lemon Grove residents, Lions representatives said.

In addition to a smorgasbord feast broken into two sections so that late arrivals who attend the various school Hallowe'en Carnivals can enjoy it and costume prizes for various kinds of dress and the various service clubs will be among some of the attractions.

Tickets may be obtained from any Lion Club member and from almost any business firm in the downtown Lemon Grove area.

The public is invited to take part in the festivities, with tickets at \$2.50 each which will cover cost of food, dancing and make the user eligible to vie for one of the costume prizes.

### Hits 100% In PTA Drive

Monterey Heights PTA enrolled 570 new members during their two week membership drive. The membership award was earned by Michael Calderone's fourth grade class with 100 per cent membership.

Mrs. Dittamore, president, presented the award to the class president at the flag ceremony Tuesday.

### Nicholls Gets The 'Treatment' On 1st Anniversary

A ceremony marking the first anniversary of Dr. Cal Nicholls' (center) opening optometric offices in Lemon Grove was marked by considerable fanfare last week at the Lion's regular meeting.

Two members, Jim Oyer, left, and Dr. Dave Wilhite, right, presented Dr. Nicholls with a cake and one candle marking the date. They also wore the dark glasses and huge signs. Claimed they were the first patients of the young optometrist. The signs, they claim, indicate the results of the treatment. It was all in fun as a more serious program followed in which Dr. M. M. Miller told of his experiences on Kojima Island. The talk was profusely illustrated with color slides.

### Leonesio's Sell L. G. Trailer Court

Lemon Grove Trailer Court, which fronts 288 feet on Broadway has been sold to a Jacumba couple, it was announced today by Ina and Bruna Leonesio, former owners. Buyers, who withheld the amount involved in the transaction, are Ernie and Gladys Gellenberg, former owners of Barbara Worth's Cafe and Bar in Jacumba.

The trailer park covers two acres and houses 32 trailer spaces and 3 houses. Gellenberg said that improvements will be made from time to time but no drastic changes are contemplated.

The Leonesios were guests at a surprise dinner party given by 80 tenants and former tenants of the court. The couple plans to remain in Lemon Grove and said they have bought a lot on Circle Drive and would start a new home immediately.

The sale was handled by Bill Forrester of Lee Sparks Realty. The Gellenbergs have one child, Suzanne, aged 6.

### Sweetwater Reconstruction Starts This Week

There's going to be a new reconstruction job on Sweetwater Rd., extending north from Jamacha, according to Joe Mack, County Road Commissioner.

The area for one and a half mile north of Jamacha along La Pressa Airport and northward toward Broadway will be ripped out, a new base put in and a complete re-surfacing job given it. According to Ed Singer, Lemon Grove Division Superintendent, the area near La Pressa Airport will be raised so as to avoid a flooded condition during the wet season. Singer said the present silt and adobe base makes a permanent and smooth surface impossible. The stretch of road between Palm and Broadway was recently re-constructed and seems to be standing up well under heavy traffic conditions, Singer reported.

Joe Mack said about 7,000 Continued on page 8

More than 9,000 of the Grossmont Hospital District's 46,000 registered voters will trek to the polls Tuesday to place, what is expected to be, their stamp of approval on the \$800,000 Hospital Bond Issue.

The sprawling 2,500 sq. mile district, estimated to have a population of nearly 100,000 persons, will have a chance to vote on what district representatives describe as "the bargain project" of history.

Rolls will be open Tuesday from 7 to 7 and four polling places will serve most residents in Lemon Grove. These voting places are 1, garage at 3983 Loma Alta Dr.; 2, The Lemon Grove Woman's Club House, 2810

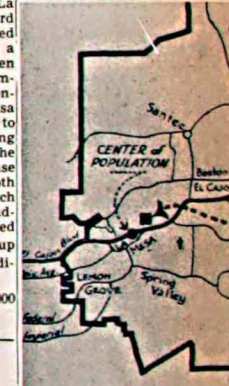

Lemon Grove voters of Precinct 3 and 4 will vote at 4141 Merritt Blvd. This is Hospital District No. 12 and is 2 miles from Imperial Ave. on Campo Rd., one block left before reaching Boncroft Rd.

Main St.; 3, garage at 3287 Buena Vista; 4, 4141 Merritt Blvd. in Helix off Campo Rd.

According to directors of the district, the hospital will receive an outright grant from the U. S. Government and the State of California of \$1,173,700 with no strings attached provided the district approves the bond issue. This must be done within four months of the date the district became eligible for the grant which was in August.

The bond issue, say the officers, will not increase the current tax rate of 20c which raises approximately \$125,000 per year at present. Bonds will be sold and the operating levy will be reduced from 20c per \$100 valuation, to 12c. "The other 8c will then go for bond retirement. You will be paying 20c but it will not amount to a tax increase," said Homer Streich, secretary of the hospital district.

The hospital site is located at the near center of district population according to Streich. "Population trends indicate even heavier concentration north of highway 80 and west of Magnolia Ave., El Cajon," Streich

Where is the proposed hospital located? Studies say it is adjacent the center of population of entire Hospital District. Map above shows its location in relation to Lemon Grove.

declared. "The hospital also meets the requirements of being located on a main truck sewer and water lines and on principal arterial highways.

The district already possesses \$70,000 in hospital assets, according to Streich. Most of the funds received from the past year's tax assessments were used for capital outlay. Site acquisition, soil analysis, topography survey, conducting of elections and the like absorbed part of the funds. The rest is held in reserve to be used with the \$125,000, and more, as the district grows, which will be received each year.

Some of the directors of the district foresee a reduction in taxes after the hospital is operating at a profit. The district, however, is putting no ceiling on operating cost of the project.

Should the issue fail the directors indicate they would proceed with the hospital out of direct taxes. In this case the \$1,173,700 would be lost since the next area in priority will be given that amount, after the December Grossmont Hospital District deadline passes.

Said Homer Streich, "We are obligated to supply a hospital as the result of the January 1952 election at which time voters of the district, by 54 to 1, indicated their intention to have a hospital to serve the area."

The Grossmont General Hospital will be a class A establishment with 100 patient beds.

## Wards Fill Cupboards From Davis

No one could blame Mrs. Robert Ward for choosing a king size can of Armour's succulent ham at Davis Food Center because she has three healthy, husky youngsters to feed. While only Larry is shown in the picture above with his mother, Marcella, an equally handsome and husky brother, aged 9, and a sister, Gloria, aged 12, are at home waiting for the contents of the cupboards to be replenished.

Another good reason for Mrs. Ward, who lives at 624 Tibbett St., Spring Valley, to choose the Armour product is that her husband, Bob, sells Armour products.

Said Mrs. Ward, "I've shopped at Davis Food Center because it is so close. The prices of meat are more reasonable than elsewhere. And here's a little secret, they have the best sweet pickles I have ever eaten."

Davis Markets keep prices down by supplying their own transportation in the form of huge trailer trucks to local and Los Angeles markets. According to Jack Davis, operator of the market, "We have built a reputation among wholesalers for buying and moving produce without delay. As a result these wholesalers, when they want fast action on their merchandise, know that this action will come from us. The money we save by this operation is passed on to the consumer at Davis Food Centers."

## Stocks For Winter Color In Lemon Grove Gardens

A bed of stocks planted now guarantees cut flowers in abundance for fall and winter bloom. Few annuals produce such a

STOCKS

pleasing and prolific show of color as does this old standby of proven merit. The modern planting of stock can be even showier now by making use of the trysomous high percentage double flowered stock that now comes close to 100% double.

Stocks are generally strong growers and should be set at the back portion of a flower bed. Spacing the plants one foot apart will allow room for them to develop to maximum size. In loose sandy soil it is a wise precaution to stake them they uproot readily from a stiff wind. Type of soil is little bother, but a fairly sunny location is a must.

Beds for stock should be raised as good drainage is essential. Poor drainage will cause the plants to rot out. Some lime should be added to the soil if peat or leaf mold are present, as stock is allergic to acid soil.

Good companion plants for planting with stock are in supply now. Calendula, nemesis, schizanthus or Iceland poppy grow a step shorter and bloom along with the stock. Good border plants for such a bed would be pansy, viola, primula malacoides or dwarf dusty miller.

Beat Grossmont; Smash Big Brother! Fix the Foothillers! Typical sayings of Helix Highlanders last week before the Helix-Grossmont grid clash. The students of both schools were in a frenzied pitch of school spirit, the teams were up to par and anxious to get under way, half the residents of La Mesa and El Cajon were at Aztec Bowl, the bowl itself was packed, everything was set. The game started, half-time specialties, the game ended. The final score: Big Brother 7, Helix High School, 32.

Helix literally trampled over B-B. Our backfield men tore the grass up, our line blocked and tackled superbly, our defense mauled anything in a blue and gold uniform. It was a smashing victory for the Highlanders after a 13-0 loss to La Jolla the week before at the same spot. Helix scored in every quarter en route to its massacre of its big brother with 1000 more students than we have. Helix fullback Karl Jordan scored three times and made two P. A. T.'s. Ronnie Fix & Henry Bonilla each tallied one. Leading at half-time, 12-0, Helix tallied twice in the third and once in the fourth to clinch the game. Grossmont's freak

## Vista La Mesa Church Plans Hallowe'en Party

Hallowe'en parties are being planned by various class groups of Vista La Mesa Christian Church. The young people of the C. Y. F. will leave the church at 7:00 p. m. next Saturday for an unannounced destination and lots of fun. The Christian Links class (young married folks) will have a masquerade party in the social hall of the church Wednesday, Oct. 28th at 7:30.

Mr. Robert Palmer, a coach from Helix High School, is the new sponsor of the Hi-Y. This group of about twenty high school boys meets every Thursday evening at the church, then they usually go somewhere for athletics or recreation.

touchdown was in the last minute of the game against our scrubs. Helix has now a 1-1 standing compared to 'big brothers' 0-2 record.

For last week-end I predicted that San Diego would beat La Jolla, 20-7. The score was 27-6. I predicted Kearny over St. Augustine 6-0; the real score was Kearny over Saints, 13-0. I predicted Helix over Grossmont, 19-13. It was Helix, 32, Grossmont, 7. I predicted that Hoover would trounce Pt. Loma, 29-6. The real deal was Hoover over the Pointers, 13-6.

This week's predictions: Hoover over Kearny, 21-14. Helix over Pt. Loma, 14-12. San Diego over Grossmont, 53-6. La Jolla over St. Augustine, 19-0.

Karl Jordan, Helix stellar fullback is, so far, the City League's leading scorer with three touchdowns and two P. A. T.'s. The standings for this past week are: Hoover (2-0); Kearny (1-0); San Diego (1-0); Helix (1-1); La Jolla (1-1); Pt. Loma (0-2) and Grossmont (0-2).

For those who don't know the City League High Schools nicknames, they are as follows: Helix Highlanders, Grossmont Foothillers, Hoover Cardinals, Kearny Komets, San Diego Cavemen, La Jolla Vikings and the Pt. Loma Pointers.

Sport Flashes... Helix JV, 12; Grossmont JV, 18.

## 5th Avenue Traffic Unhampered by Rules

From the Historical Collection of Union Title Insurance & Trust Company

It has been suggested recently that the solution to San Diego's downtown traffic problem is to make some of the more congested streets into "one-way" streets. This photograph from the historical collection of Union Title Insurance and Trust Company shows Fifth Avenue when it was apparently an "any-way-at-all" street.

Buggies were driven on whatever side seemed most convenient and changing from one side to the other involved nothing more than a slap of the reins. It was both permissible and understandable to halt Dobbin at any spot to exchange a few words of greeting with a friend, and the jaywalking ladies in the foreground were proving again that a straight line is the shortest distance between two points.

This was Fifth and C in 1905. The building on the right, adjoining the Grant Building, was occupied by The Marston Company. The small two-story structure on the corner of Fifth and Broadway was torn down in 1919 to make way for the building now housing Walker's.

The opposite side of the street is a charming example of the old and the new: A one-story wooden building housing a bakery stands next to a new four-story office building. And on the whole length of Fifth Avenue — not a single automobile!

## League Of Women Voters Plan U.N. Program

A United Nations program and an open general meeting will be held by the San Diego League of Women Voters, Saturday in the Marine Room of the San Diego Hotel.

A United Nations program, marking U. N. Day with topic "United Nations, Its Road Will Not Be Easy," will be the feature. Mrs. Staniye McKee will be moderator. The panel of five speakers will include Mrs. W. E. LeRoy, Mrs. Harry Morris, Dr. Kramer Rohlfleisch and Mrs. Mary Fay of the San Diego Board of Education.

Anyone wishing to attend the \$1.50 luncheon may do so by calling Mrs. Patterson at H8-5193. The group is non-partisan.

## Congregation Church Announces Rummage Dates

The annual rummage sale of the Ladies' Aid and the Young Mrs. groups of Congregational Church is scheduled for November 6.

The sale will be conducted in the Sunday School rooms of Friendship Hall. In the same building, upstairs, will be a bazaar. Fancy work, country store, food sale and candy table will be among the features. A snack lunch will be served upstairs and coffee and do-nuts, downstairs. Dinner will be served starting at 6 o'clock.

## Duffners Mark 50th Anniversary

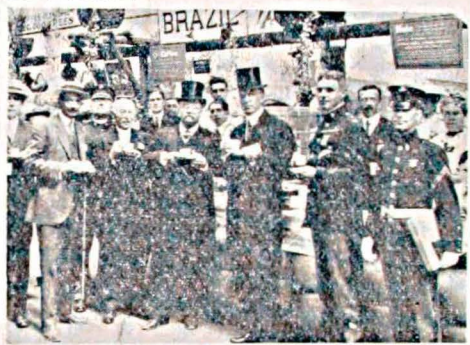

A golden wedding anniversary was marked earlier this month by a popular Lemon Grove couple, Mr. and Mrs. Thomas Duffner, 7019 Central Ave., with an open house to honor the occasion.

The Duffners were married Oct. 1st, 1903 in Pittsburgh. They went to Cleveland, and then on to Sandusky, Ohio where he was Chief Lake Coal Inspector for the North American Coal Corp.

The couple has a married daughter, Mrs. Helen Bartlett, and a son, Thomas. The Bartletts have three children and three grandchildren.

The Duffners have lived in Lemon Grove since January 1st.

This photograph from the historical collection of Union Title Insurance and Trust Company shows a "top level" coffee break—when ex-President Theodore Roosevelt was photographed with G. Aubrey Davidson, president of the Exposition, Col. Collier, George Burnham, Col. Pendleton and others.

This was the Brazilian exhibit, housed in a building that was rebuilt for the 1935 Exposition and is now familiar to San Diegans as the House of Hospitality.

Theodore Roosevelt was one of many famous personages who visited San Diego during the two years of the Exposition. Others were Woodrow Wilson, William Howard Taft, William Jennings Bryan, Franklin D. Roosevelt (then Secretary of the Navy), Harvey Trestone, Thomas Edison, Henry Ford, and scores of others.

Much of the growth and beauty of San Diego stems from the 1915 Exposition, for which new streets were made, the park land named the harbor dredged, and many new buildings constructed.

## Sen. Kuchel To Speak At Cortez

U. S. Senator Thomas Kuchel will speak in San Diego on November 2 at a special membership luncheon of the San Diego Chamber of Commerce at the El

Cortez. Herbert Kunzel, chairman of the meeting, said Kuchel's address will be non-political and will dwell on current problems affecting California as well as on national and international subjects.

Senator Kuchel is the junior senator from California, appointed to succeed Nixon when the latter became vice-president.

The luncheon will be restricted to 300. Admission will be by advance reservation at the Chamber offices.

Will your dining area be inviting during the busy entertaining season just ahead?  
Today, with contemporary furniture, you can have convenience and beauty in the smallest dining area. With the addition of leaves this well proportioned drop-leaf dining table extends to party size. The roomy buffet has two storage compartments and three spacious drawers. Personal touches, such as the Norwegian pewter salad sets for wall decoration, add distinction to your dining area. Note, too, how harmoniously the French Provincial print draperies blend with the modern furniture.  
The furniture grouping shown is available in a Spun Silver, Sandstone or a Flamingo finish. The wood is genuine African mahogany.

## Highlanders Fling Wins Coveted Trophy Point Lomans Geared For Win?ter

By Jerry Dougherty

With the expert coaching of Maynard, Welbaum and Julian the fighting Highlanders found themselves last Friday night, and the various and sundry combinations of men and plays paid off handsomely—with a trophy to prove it. The team's alertness, teamwork, timing and fight was worth the price of admission.

The feudin' was renewed with Grossmont kicking off. Curtis received on his 15 yard line, returning the ball to the Helix 32. Helix lost five on a fumble. Another yard was lost at right tackle and a third at left tackle. Helix punted to the Hiller 35. Grossmont gained a yard at left tackle, but on a left end run, Jinnet slammed the Hiller for no gain. Kennison dropped his man at right end - no gain. The Grossmont punt rolled dead on Helix 30. Helix fumbled and Grossmont recovered on the 35. A Grossmont fumble recovered by Helix on their 40. Bonilla tossed to Lebb, who sprinted to the 49. Herald and Davies tore the line open and Fix churned to the Grossmont 41 yard line. No gain at right end. Sweetwood, Davies and McGuire swung open the center gate for Jordan to pick up four. Jordan took to the air with Bonilla hooking the pass on the run and hotly pursued to the Grossmont 22. With slam-bang line work and good interference Bonilla romped to the Hiller 15. The line again drove an opening wedge at center and

Jordan plunged to the 5. Jordan rifled the ball to Bonilla who twirled and lunged for a touchdown. The kick for the extra point went wide. 6-0.

Steman kicked-off to the Grossmont 40. A try at left tackle stopped by Etheridge no gain. Grossmont penalized to their 35. A left end run broken up by Crawford, loss of six yards. Jinnet spoiled a Hiller pass attempt. Grossmont punted to Helix 10. Beyers sneaked it back to his 25. Helix penalized to the 5. Helix line and backs split Hiller ranks and Jordan rambled to the 9, and then a yard at center again. (29) Kicked to Grossmont 38. At the end of the first quarter Grossmont picked up a yard at center. Two Grossmont passes failed, they punted to Helix 14, outside. All around team work got Bonilla to the Grossmont 35. Jordan shot through left tackle to the 24 yard line. Bonilla on a hand off sailed to the five. Jordan rammed right guard to the two and then knifed through left guard for the second touchdown. Try for extra point failed 12 - 0. Steman kicked to Grossmont 12 yard line; Kennison, Jinet and (29) nailed their man on the 25. A pass failed, then Morgan dropped the ball-packer at right guard for no gain. A right end fumble recovered and Grossmont kicked to Helix 45. Helix pass failed and no gain at left tackle. Helix penalized to the 28. The line swung open and Jordan raced to the 37. Pass incomplete and

Helix kicked to Grossmont 22. On the return Grossmont stopped by Herald and McGuire on the 34. Bonilla held a right end run to one yard. Two pass attempts failed. Helix took over. Beyer snagged a pass and raced to the 30. End run for a loss of one. Kennison skirted right end to the Grossmont 45. Helix pass incomplete. Grossmont took over, going over tackle to Helix 34, stopped by Bonilla. Kennison threw the Hiller for one yard loss at right end. A pass from center fumbled, pinned for a seven yard loss by McCabe. Pass incomplete. Helix penalized. Pass incomplete. Pass intercepted by Kennison. Helix ball on their 25. Bonilla at end to the 28. Jordan through left guard to the 31. Bonilla to the 41. Jordan pitched out to Bonilla, who lobed a pass to Steman who raced to the Grossmont 20 yard line. Herald injured and left the game. Fix pass incomplete. Welbaum pass smothered for a loss to the 41. Fix dashed to the Grossmont 43 at the end of the half.

In the second half, Fix went over for a touchdown and the extra point. Jordan plunged over twice for touchdowns and once for extra point. Grossmont tied in the second half for seven points. Final score: Helix, 32; Grossmont 7. The Highlanders will have to prove they've "Got It" tonight when they meet the angry mob from Point Loma, whose faces are still red from last year's tanning by Helix.

## H6 To Be HO6 When Homeland Turns Hopkins

Selecting names for telephone prefixes used to be about as scientific as naming movie stars, but today things have changed. Sidney S. Campbell, Pacific Telephone manager, said the decision to change Homeland 6 to HO6 and Homeland 9 to HOPkins 9 next January 24th was the result of well coordinated planning by various departments of the company.

Lemon Grove will be among the 175,000 subscribers in the San Diego area to be affected by the new dialing pattern which will change all local numbers to 7 digits.

Campbell said the first step in selecting the local prefix was for company engineers to assign a dialing code to the local office. The code 46 was chosen. In the operation of dial equipment, the letters on the dial are the equivalent of figures. Thus 46 be-

comes HO. The next step was to find a prefix beginning with HO that would conform to the Bell System's plan for nationwide operator toll dialing. Cities throughout the country are working toward this goal, expected to be reached in several years. Prefixes must avoid provincialisms and variations in pronunciations.

Various offices in hundreds of cities submitted suggested prefix names. Pacific Telephone and other companies in the nation prepared a carefully screened master list. Each suggested name was read over the telephone to a cross section of operators, who wrote down what they thought they heard. The phonetic tests showed the word "Hopkins" registered with the least number of mistakes and was most easily understood in different sections of the country.

The telephone company plans to cut the present large number of prefixes in the country to around 300, in order to make it easier for toll operators to memorize them. Campbell said long distance calls will be placed fas-

ter when prefixes are standardized.

HO6 and the other 12 new prefixes will be used in other parts of the country. The company found that in addition to being excellent phonetically, the HO6 prefix is generally already well known.

## Kiwanis-Annes Have Record Turnout

Regular meeting of Kiwanis-Annes was held at Mary Husey's home Monday with 27 attending and Marion Warburton, presiding.

Five new members introduced to the group were: Mesdames Mary Belle Butts, Genevieve Crow, Maybelle Gigliotti, Jayne Pulliam and Nancy Swenson.

Highlight of the meeting was the viewing of movies of the Walter's vacation and of a bull fight in Tijuana, taken by the Brumbaughs. Plans for the Christmas party were discussed as were plans for a box supper to be held at the next meeting. Hostesses were Virginia MacDonald and Vi Russell.

## Grossmont Symphony Is Being Enlarged

Plans are underway to enlarge Grossmont Adult School Symphony Orchestra personnel and merge it with three other orchestras in the county to establish what will be known as The San Diego County Symphony Orchestra.

The orchestra holds rehearsals each Monday night from 7:00 to 10:00 p. m. at Helix High School band room. John Metzger, director and violinist, leads the group.

Metzger is looking for local talent to fill the wind and percussion sections of the symphony. Advanced, amateur, and professional musicians, eighteen years and older are invited to

## Thirteen Grove Teachers To Attend Conference

Thirteen delegates from the Lemon Grove School District will attend the Sixth Annual Leaders Conference at Camp Cuyamaca this Friday evening and Saturday when representatives from schools throughout the county gather to hear outstanding speakers in the field of education. Chairman for the conference is Louis Poluzzi of Monterey Heights School. Other county people from Lemon Grove are Cedric Stammerjohn, assistant chairman, Bob Sutton, past chairman, and Peg Darroch, public relations director for the county association.

Local representatives include Keith Dian, Bob Offord, Laura Becker, Dorothy Geissler, Bob Harvey, Alice Hacker, John MacKilvey, Martha Samels, and John Strawn. Assemblyman Ernest Geddes is guest speaker for the Saturday afternoon general session and will conduct a morning section meeting on how the legislative works. Geddes, representative from the forty-ninth district, has long been noted for his promotion of schools in Sacramento. Author of the minimum salary bill, he also has sponsored other bills during the nine years he has held office that have benefited the cause of education and children.

Keynote speaker Friday evening is Kenneth Dobelbower, Regional Director of the National Citizens Commission for Public Schools. Director of the commission's activities in seven western states, Dobelbower will speak on "The Teacher As a Citizen." Several section meetings dealing with public relations, professional relations, school finance, and other friends of interest to the profession will be held Saturday morning for the one hundred and fifty delegates of the county association.

**Charles Gurley Named To Civil Defense**

Charles S. Gurley, now a resident of Lemon Grove, but for nearly twenty years, the manager of the San Diego Better Business Bureau, has volunteered his services to the local Civilian Defense organization, according to a statement made yesterday by Dr. Frank Gigliotti.

"We are glad to receive Gurley's enlistment," said Rev. Gigliotti, "and although he has been handicapped with arthritis for the last few years and walks with considerable difficulty, we believe his many years experience with the Better Business Bureau will be of great help to us."

"Slowly but surely," declared Dr. Gigliotti, "our plans for the four districts in the Lemon Grove Zone are filling out and with a steady increase in the size of our organization, we can report considerable progress."

**Feather Workers Ready To Start**

Almost all of the campaigners needed to contact Lemon Grove homes and businesses are already enlisted, W. Art Thomas, Lemon Grove Area United Success Drive Chairman, reported this week. In the meanwhile, Robert Harness, Chairman of the Heartland Area Drive, commended Thomas and Lemon Grove community for its effective organization under the present leadership.

Thomas said he felt this year more workers would be enlisted than in any past drive. Most zone chairmen have turned in enlistment cards on their workers already.

"Response of the public in the service of the United Success Drive is gratifying. Campaigners themselves already pledged far beyond their quota and it is expected that Heartland residents will follow this pattern," Harness stated. Thomas said that early preparation and generous response to date indicated a winning campaign.

**Postal Family Growth Continues**

Production curves continue to go up at the Lemon Grove Post Office where new children are the rule rather than the exception.

Substitute clerk, Thomas Eastlick, is the newest progenitor. A daughter, Cynthia Lynn, was born to him and Margaret at Mercy Hospital October 4.

Cynthia weighed 7 lbs. 9 oz. and has a sister, Carol Ann, aged 5. The couple reside at 3430 Fairway.

## IT'S YOUR VOTE THAT COUNTS IN BUILDING A HOSPITAL FOR YOU!

The Grossmont Hospital District is urgently in need of the hospital facilities as proposed in the form of the new Grossmont Hospital. The Federal and State Governments, recognizing this need, have made an outright grant of \$1,173,700 for the major portion of the construction of these facilities. This sum is available ONLY providing the citizens of the Grossmont Hospital District vote a bond issue of \$800,000 for the balance of the required construction cost. It is the Hospital Board's intent to contain the cost of the bond levy redemption within the limits of the present Hospital District tax rate.

Pereira & Luckman, Architects-Engineers

## HOW IT WILL BE PAID FOR:

Total cost of Hospital (ready for operation):  
\$1,973,700.  
Outright grants from U. S. Government and State of California:  
\$1,173,700 . . . PROVIDED we of the District approve the \$800,000 Hospital Bond Issue.  
Grossmont Hospital operation is planned to make the Hospital SELF-SUSTAINING after it opens.  
Your present taxes ALREADY INCLUDE a 2-mill Hospital District rate and the approval of the \$800,000 Hospital Bond issue does NOT mean one cent increase in your present tax rate!

### Grove Fire Department Gets State Commendation

Joe R. Yockers, State Fire Marshall, last week commended the Lemon Grove Fire Department on Fire Prevention Week Activities.

In a letter to Chief "Pappy" Hensley he said, "I want to thank you for (your) report (concerning) Fire Prevention Week Activities. I think there is no finer place (for such work) than in schools and your drills... and fire prevention talks should prove effective. Signed, State Fire Marshall Yockers."

The letter resulted from Chief Hensley and his staff holding lectures and fire drills at all the Lemon Grove schools during Fire Prevention Week.

### Parents Of Blind Seeks Members

The Parents Group of Blind and Visually Handicapped Children will hold their monthly meeting Tuesday, October 27, at 8:00 p. m. at 1805 Upas St.

Dr. A. B. Root, ophthalmologist, will be guest speaker.

Mrs. James Stingle, membership chairman, announced that the group has an active membership for parents of visually handicapped children only, but associate membership for anyone interested. Mrs. John Dail of Lemon Grove, an associate member, urges all interested Lemon Grove residents to join during current membership drive.

Scientists report that stale bread is just as easy to digest as fresh bread.

Mr. and Mrs. John Reed King with their daughters Joanne (left) and Julie (right). In the column below, Mrs. King tells how she handled a problem of jealousy between the two girls.

### Speaking of Families

By BETH JUDSON

We were talking about jealousy. . . .

"I used to think," said Mrs. John Reed King, wife of the famous master of ceremonies, "that if you treated your children exactly alike, they'd never have cause to be jealous. But I learned a good lesson!"

When the Kings' two daughters—Joanne and Julie—were tots, Mrs. King was sure she had the right idea. "Whatever I do for one, I'll do for the other," she reasoned. It would be that simple.

And so the little King sisters wore the same style dresses. Had the same haircuts. Received the same gifts. And enjoyed the same treats. Mrs. King showed no partiality—ever.

Yet Joanne, the older, was clearly jealous of Julie. Some jealousy, authorities tell us, is natural and normal. It's there and it should be. But this went too far!

"They quarreled so violently," Mrs. King said, "that I never thought they'd live through it. Finally, it dawned on me: Joanne felt that she was being pulled down to Julie's level. And each girl was being cheated of the right to be herself."

So—a change in tactics. While Mrs. King was still careful not to play favorites, she focused

her efforts on building up their individuality.

For one thing, she saw to it that Joanne alone enjoyed the privileges of her older age. She went to bed later. Was the first to take dancing lessons. . . . to go to the village alone. . . . to go to an occasional movie with her friends. Julie simply had to wait until she, too, was old enough.

Another important thing: The Kings were particularly alert to encourage the slightest flicker of each girl's special interests and abilities. They helped Joanne develop her interest in photography. And Julie, her pleasure in stamp collecting.

Some time ago, Look magazine ran a feature on the King family—with pictures. Joanne, unfortunately, was away. There was no picture of her at all!

Of course she was disappointed. Yet she showed not the slightest resentment. A pretty good test for a 13-year-old! Joanne, it seems, now feels so secure as a person that she has no need to be jealous of her sister.

"The girls get along so beautifully now," said Mrs. John Reed King, "that I do feel gratified. There's no doubt in my mind that a lot of jealousy can be avoided by helping each child make the most of her individual talents and traits."

### BERRY PATCH PUDDING

All measurements are level. Sift flour before measuring. Place in a buttered baking dish or casserole—

4 cups fresh berries, slightly mashed  
Sprinkle over berries—  
1/2 cup granulated sugar (vary with tartness of berries)  
1/2 teaspoon powdered cinnamon  
1/4 teaspoon grated nutmeg

Dot with—  
2 tablespoons butter

Then sift together into a mixing bowl—

1 cup sifted Sperry Drifted Snow  
"Home-Perfect" Enriched Flour  
1 tablespoon granulated sugar  
1 teaspoon double-action baking powder  
1/2 teaspoon salt

Make a well in center of dry ingredients and add—

1/2 cup milk  
1 egg, beaten  
2 tablespoons melted butter (or cooking oil)

Beat briskly until a smooth thin batter is formed. Pour over berries and bake in a preheated moderate oven, 350°, for 35 minutes. Serve slightly warm with cream or vanilla ice cream. 6 servings.

## School Traffic Max. Is 15 MPH

Every motorist knows that 15 miles per hour is the maximum speed for passing a school when children may be on the grounds. Cautious motorists also know they must stop when they see the flashing red lights on any school bus. What many motorists do not seem to understand is that they must remain standing until the lights cease to flash.  
"By observing these simple rules of courtesy and safe driving motorists afford the best possible protection to children," Commissioner B. R. Caldwell of the Cal. Highway Patrol said this week.  
Last year there were 326 traffic accidents involving school

buses transporting pupils. Four persons, two of them students, were killed in these collisions.  
"We can never be sure what children may do, for many times they aren't sure themselves until it has happened. The California Highway Patrol will do every thing possible to see the children back to school safely, but motorists must help too. Drive carefully and obey the rules," Caldwell adds.

## Golden Anniversary For Channels

David and Lula Channel spoke marriage vows fifty years ago, Oct. 9, 1903, to be exact, and they have kept those vows ever since. This fine couple, who reside at 3705 Olive St. and who have been residents of Lemon Grove for 17 years, mark the anniversary with an open house at which more than 50 people paid their respects.

Among the guests were the couple's son and two daughters. One daughter, Edith Williams is a resident of National City, another daughter, Lorene Pickering, lives in El Cajon. The son, Don, lives in San Diego. They also have five grandchildren and two great-grandchildren.

The couple was married at Viloni, Arkansas. Channel, a native Tennessean, retired from farming about 20 years ago.

Pictured above are, front row, Mr. and Mrs. Channel; rear, Don Edith and Lorene.

## San Miguel School News

A spirited campaign this week at the San Miguel school resulted in the election of Ronnie Kerns as President of the Associated Student Body.

Other officers elected were Lee Selvig, vice-president; Dee Anna Anderson, secretary; and Diane Allison, treasurer.

Room representatives to the Student Council include Steve Tamila, Colleen Finnegan, David Hopper and Dena Anderson.

Regular luncheon meetings will be held on Thursday noon of each week with the elected officers, classroom representatives and the faculty sponsor to conduct the business of student affairs at San Miguel school.

## Sandra Diercks Recovering From Auto Injuries

Sandra Diercks, 3½, daughter of Mr. and Mrs. C. P. Diercks, 3789 Citrus Ave., is recovering from a broken leg and abrasions suffered Sunday when she darted into the path of an auto driven by Kenneth Horton, 8841 Valencia St.

The child, who was being helped across the street by a neighbor housewife, pulled away as the car approached and was then struck.

## Ideas Speak Louder Than Money in Redecorating, Refurnishing Home

It is ideas, rather than money, that count when it comes to redecorating and refurnishing an older home. According to Home Modernizing magazine, the appearance of rooms can be improved without making any structural changes; sometimes just the addition of a little wood trim or a small amount of well-designed fabric will work miracles. When a beauty treatment is planned for the rooms of a home, the homeowner should consider the functional aspects of proposed changes as well as their appearance. These two factors go hand in hand in successful redecorating.

The three ideas shown here are examples of the things a

Perforated hardboard is inexpensive and as practical as it is decorative. It is used above to group pictures on a wall — fastened with special hardware or even golf tees! Below, the wall of a newly finished attic offers an ideal spot for a built-in vanity.

Shutters can add interest and beauty to a room; here they act as a room divider between living room and porch. Available in a wide range of sizes, new or used shutters might give just the touch you want at windows or between rooms.

plan group has been set for Wednesday. This meeting will allow by a few days the date of the expected Planning Department's decision of whether or not Lemon Grove is acceptable as one of the eight Community Branch Administrative Centers.

Should the Planning Department approve, the local master plan group will go into action immediately to see that they have representation at the coming Board of Supervisors hearing.

The local planning group will meet Wednesday, Oct. 28, at the Chamber of Commerce meeting room at 7:30, according to Luther Hussey, chairman pro tem. Hussey pointed out that it is almost a certainty that La Mesa will return to plead to have Lemon Grove and El Cajon cancelled as administrative sites with La Mesa being set up as a large center to handle the business clubs and organizations for all three communities. He also pointed out that the Wednesday meeting was a community meeting and that if public meetings were needed they will be held later.

er its opening. Its food became the center point of attention and soon the fame of the cafe in San Diego. Early this year the Okole Mauline room was opened which doubled the dining area. This room became successful immediately. The new refrigeration system was then replaced with another which increased its cooling capacity four times. The next step was the obtaining of dining and kitchen areas. Goldy indicated that he would attempt to be headquarters for more Lions, the Business Women's League, the High Twelve and other similar organizations. He

yards of material would have to be moved in to bring the road up to normal standards and that it would take about two weeks to complete the work. He also said that the road would not be closed during the reconstruction. Singer said they hoped to keep the road open so that regardless of any wet conditions the road would not become unusable. The width nor the route is to be changed, the road men said.

Michael's already houses the Lions, the Business Women's League, the High Twelve and other similar organizations.

It will be non-sectarian, racial and should the bond pass, construction will get underway by mid 1954 and the hospital will be in operation in 1955.

There is no organized resistance against the project and is expected to pass handsily. 17% of the registered voters took part in the creation of a district but only 3% voted on the bond issue election. The REVIEW urges all eligible voters to go to the polls and urge all those who are ineligible to vote to contact Geo. Casteel, deputy registrar of voters, at Broadway and Imperial, and be registered so that they may vote at future election. Registration is simple requiring only a few seconds.
